ACHIEVEMENTS

ACADEMICS
Secured 1st Rank in School – CSE Group

CODING
Solved 30+ Problems on LeetCode,
Completed 3+ Full-Stack Projects

SOFT SKILLS

Problem Solving | Quick Learning | Debugging | Growth Mindset| Team Collaboration

CAREER OBJECTIVE

Computer Science and Engineering undergraduate at **Panimalar Engineering College** with hands-on experience in developing web applications using **React and Firebase**. Skilled in programming with Java and Python and familiar with **HTML and CSS** for building responsive interfaces. Developed and deployed a **full-stack music web application with authentication and an admin dashboard**. Seeking an entry-level opportunity in software development to apply technical and problem-solving skills.

INTERNSHIPS

QSPIDERS (TESTYANTRA) | FULL-STACK TRAINEE 1 month
March 2025 - April 2025 | Chennai, TamilNadu

- Learned and practiced full-stack development using React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, and Firebase through hands-on projects focused on component-based design, state management, and API integration.
- Developed and deployed a Music Web Application using React and Firebase with user authentication, dynamic album management, and role-based access control.

PROJECTS

MUSIC STREAMING WEB APPLICATION

- Completed intensive **full-stack development training** using React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, and Firebase.
- Developed a **music streaming web application** with authentication, dynamic album management, and role-based access control.
- Tools: React.js, JavaScript, Firebase, HTML5, CSS3, REST APIs.
- **Live Site:** https://tech-haven-music-372-79a68.web.app/

VIDHAI– AI-POWERED FARMER SUPPORT APPLICATION

- Contributed to the development of a **farmer support** application focused on providing agricultural information and assistance.
- Implemented features such **as chatbot interaction** and weather information integration to support farmers
- **Repository**: https://github.com/Sareij/VIDHAI-SIH-2025

CERTIFICATIONS

- AWS Cloud Practitioner Essentials – AWS Training & Certification, 2025
- Oracle Cloud Infrastructure AI Foundations Associate – Oracle, 2025
- Introduction to Machine Learning (Elite + Silver) – NPTEL, 2025
- Introduction to Information Technology and AWS Cloud – Coursera, 2025
- Programming in Java – NPTEL, 2024
- Data Science (Pragati Cohort 5) – Infosys Springboard, 2025
